

**SEEDS BY DESIGN**

**Seeds by Design**, the name says it all... we are the first production company in the US to offer such a diverse line of vegetable and herb seeds from heirlooms to hybrids, suited for the commercial grower to the home garden trade. We offer more heirloom varieties than any other production company as well as our own line of hybrids, including peppers, tomatoes and vine seeds.

## MONSTER VEGETABLES

**Pepper Jalapeno Gigantia F1**

Sixty five days to maturity huge Jalapeno hybrid. Large plants bears elongated Jalapeno shaped, smooth fruits, up to five inches long. The medium thick walled fruit, turn from green to red, very pungent, used for fresh market and pickling.

**Tomato One Pound Pink F1**

Ninety days to maturity. Indeterminate, huge, dark pink, fruits which weigh up to two pounds, smooth blossom end. These huge tomatoes have mild flavor, solid meat, so sweet that some people have made wine from this fruit.

**Parsley Giant of Italy**

This beautiful Italian parsley is know for its size and bold flavor. Italian parsleys are always coveted by chefs, both professional and home use parsley for the intense bright, fresh herb flavor. Grow some Giant of Italy this year and impress everyone with your growing and cooking skills.

**Sunflower Skyscraper**

This giant sunflower mane says it all. These 13 to 15 foot beauties are a stunner in any garden or fence line. Purchase these seeds for any classroom or non profit fundraiser contest. Some garden centers have had both tallest and largest head contests. Give the number one direct seeded garden flower specie a try. Also, harvest and roast sunflower seeds for a healthy snack.

**Leek Giant**

This leek variety has produced up to fifteen-inch stalks. The bright white shaft is prized for the mild flavor. Excellent when used for both roasting and sauces. Plant in both the Fall and Spring for year round harvest of these tasty allium treats.

**Lettuce Butter King**

1966 All American Selection, huge green butterhead. Excellent for Summer production. Very adaptable in many garden regions across the United States. The large dense heads make the best fresh salads. Try some Butter King in your garden this season.

**Corn Giant Sorghum**

Also know as broom corn since the flower stalks were used for broom bristles. These 12-15 foot stalks produce multi colored red, brown and black sorghum seeds. Display bundles of these tall stalks for wonderful Fall displays with pumpkins and winter squash. Shiny attractive seeds can be used for livestock and poultry feed.

**Pumpkin Dill's Atlantic Giant**

Huge upright pale orange colored pumpkins which weigh up to eight hundred pounds. Vines are very vigorous and must have large spacing and planting area. PVP variety from Howard Dill in Nova Scotia. Very long season matures in one hundred and twenty days.

**Growers on the cutting edge of today's market trends ask for Seeds by Design when looking for Organic, Heirloom or Hybrid vegetable seeds.**
