

*Seeds by Design*, the name says it all... we are the first production company in the US to offer such a diverse line of vegetable and herb seeds from heirlooms to hybrids, suited for the commercial grower to the home garden trade. We offer more heirloom varieties than any other production company as well as our own line of hybrids, including peppers, tomatoes and vine seeds.

## ORNAMENTAL PEPPER

**Black Olive**

**Chablis F1**

**Mini Bell Mixture**

**Fiesta Cayenne**

2012 All American Selection winner. AAS Judges said this entry was a stand-out, all season long this beauty kept its upright habit with nicely draping leaves and dark purple/black fruit which appeared in small clusters along the stems. As summer progresses, the fruits mature to red giving a beautiful contrast against the dark purple foliage and bright purple flowers

Early maturity and adaptable in the garden or a container plant. Fruits are multi colored: white, yellow, orange, and scarlet red. Bell shaped fruit with thick walls and good weight. TMV & BST resistant. Fruit measure 4 x 3 inches. Excellent served with cheese, compare to Gypsy.

Miniature red, yellow and brown bell peppers with sweet firm thick flesh, one inch size, sets an abundance of tiny peppers on 24" plants. Colors can be grown as a mixture or separately.

A component blend of red, yellow, purple, green and orange colored cayenne varieties. All selections have small 3" tapered fruit which are pungent and edible. Very attractive used as ornamental peppers planted with multi colored annuals. Fruit dry to the same bright colors.

**Variegata**

**Dancing Sprits F1**

**Dragon Cayenne F1**

**Patio Fire and Ice**

The ultimate ornamental pepper plant with green white and purple variegated foliage, the purple and white blooms are as attractive as the foliage, small green and purple pungent fruits are egg-plant shaped and mature to bright red.

Ornamental bedding plant, twelve to fifteen inch tall plants, covered with clusters of two inch oval multi colored fruit. Fruit colors include: yellow, orange, and red, hot thick walls peppers can also be used for pickles or fresh salad use.

Dragon Cayenne is well adapted for many growing regions and makes a great bedding plant for tasty home cooked Asian cuisine. Do not be fooled by these cute red fruit. They pack quite a punch.

Grow a rainbow of colored peppers on just one plant. In 70 days produce super sweet, yellow, orange, scarlet and deep red colored pepper. These compact plants offer multiple disease resistance for maximum garden performance. Plant with other dwarf annuals like lobelia to complete your display.
