

Pepper Mexican Sunrise F1

AAS 2018 Edible Winner

Regional Winner: Southeast and Mountain/Southwest

Mexican Sunrise Pepper F1 brings to the garden a full spectrum of colors from lime green to yellow then orange and red as the fruit matures. These earlier maturing conical pendant shaped peppers produce a thick walled fruit that can be eaten at any stage. The fruits are semi-hot, attractive peppers which can be used for ornamental purposes as well as for processing, pickling and fresh preparations. Vegetable gardeners are sure to enjoy this pepper with its attractive fruit, early maturity and high yielding plants that look great in any gardenscape.

All-America Selections® was founded in 1932 and continues as the oldest independent testing organization in North America. Every year, new, never-before-sold in North America varieties are trialed in our Trial Grounds and professional horticulturists determine which varieties will be deemed winners based on their garden performance. AAS relies upon a public relations program to inform gardeners about AAS Winners that are announced three times each year.
