

Pepper up your Planting

Black Hawk F1

Black Olive

Holiday Time

Spanish Carnival

AAS Regional winner, Black Hawk F1 is a very early flower and fruit producer that keeps up production through fall. The consistent plant habit and well branched fullness of the dark green, purple black foliage makes it an excellent addition to any mixed container, flower bed or cut flower design. The red conical shaped fruit are edible but not recommended as they are very spicy.

75 – 80 days to maturity. AAS National winner Black Olive is great for containers and as a cut flower in mixed bouquets. The plant produces heavy yield of hot ornamental peppers that are green and turn black before changing into a beautiful crimson red. Their leaves and stems are green with a hint of dark purple in them.

AAS National winner, Holiday Time is a tiny nosegay-shaped plant that grows only 6 to 8 inches in diameter. The upright tapered fruits are like elongated thimbles and are clustered in the center, surrounded by a halo of broad dark green leaves. These edible hot peppers are yellow when young and turn orange and scarlet as they mature.

65 days to maturity. A unique tri colored hot ornamental pepper for the home garden. This full season is perfect for any cutting garden. Well suited for southern climates with lots of heat and growing season. Spanish Carnival is also a beautiful fall season display.

Thai Hot Culinary

Pretty N Sweet F1

Patio Fire and Ice

Holiday Cheer

40 days to maturity. Thai Hot Culinary is a compact plant that grows up to 8 inches. These hot green and red slender peppers point upright in clusters. They are excellent for cooking and as ornamental. Their high yields and attractive foliage makes them a beauty in the garden. They would also look gorgeous in a container.

AAS National winner, Pretty N Sweet is an edible ornamental pepper that is multicolored on a compact 18 inch plant. The plant is attractive and can be used in ornamental gardens and containers. Pretty N Sweet is earlier and more prolific against its comparisons. It has a much sweeter taste with more substantial pepper walls to enjoy fresh or in your favorite pepper dish.

Ideal to be grown in pots, Patio Fire and Ice grows to be under 25 centimeters. These long upright fruits are red, orange and yellow. They are sweet peppers and would look beautiful with their array of color.

An AAS National winner, Holiday Cheer is a beautiful ornamental hot pepper that goes from a cream color to yellow then red when matured. The small and bushy plant produces high yields of 1 inch round peppers. They are ideal to be grown in pots indoors as well as outdoors.
