

SEEDS BY DESIGN

Seeds by Design, the name says it all... we are the first production company in the US to offer such a diverse line of vegetable and herb seeds from heirlooms to hybrids, suited for the commercial grower to the home garden trade. We offer more heirloom varieties than any other production company as well as our own line of hybrids, including peppers, tomatoes and vine seeds.

Fall Vegetables

Kale Lacinato

Kale Red Russian

Red Streaked Mizuna

Beets Red and Gold Mix

This primitive but attractive open kale can be traced back to eighteenth century Tuscany. This Italian region is known for their flavorful vegetables. The ten inch strap shaped leaves are dark grey blue green and slightly puckered. Plant with multi colored pansies in the spring and fall for an unbeatable edible combination. Excellent winter variety in containers as well as beds, flavor and nutritional value is enhanced with frost and cold weather

50 days to maturity. Dark green oak leaf cut leaves, may be richer in vitamins and minerals than other greens, red and purple hues intensify after fall frosts, give way to tender and sweet rich dark green kale when cooked, also good raw, very disease resistant. Grow with fall and winter annuals for a colorful winter garden.

The red sister to lime streaked mizuna. This very frilled mustard is just beautiful. Intense dark red color at a very small stage. Add this for a burst of color to any salad or planting bed. Also is well suited for texture in a specialty braising mixture. Great color combination when planted with calendula.

Fifty, fifty blend of Detroit Dark Red and Golden Detroit. Both have dual use for roots and tops. Each has similar maturity dates estimated at fifty-five days. This blend offers the best of both worlds for gardeners and market growers.

Carrot Parisian

Broccoli Early Rapini

Cabbage Red Express

Cabbage Pack Choi

58 days to maturing container carrot variety. Uniform deep red orange, smooth, nearly coreless, 1 in., round planet shaped, very sweet, 9-10 in. tops, fine grained crisp flesh, Useful home variety and fresh market variety, holds color for freezing.

60 days to maturity. Plant early in spring or fall, harvest before hot weather, no central head but many strap-leaves and side shoots, looks like mustard with many dime-sized green buds, early European branching variety for tops and tender flower shoots, will not over winter in cold climates.

53 days to maturity, very early to head. The first super early open pollinated red cabbage to be released in years, small plant frame, dense, solid, oval heads, dark purple red color, two to three pounds, bred for Canada & Northern US. Red Express is very adaptable to many locations.

45 days to maturity, Chinese non-heading leaf type cabbage, These bulbous plants with large white midribs, have slight mustard taste, cool weather plant, does best in early spring or fall, long standing, used like celery or for greens, common throughout most of China and Asia.

Growers on the cutting edge of today's market trends ask for Seeds by Design when looking for Organic, Heirloom or Hybrid vegetable seeds.
