

SPECIALTY PEPPER

Santa Fe Garden

Chablis

Mini Bell Mixture

Fiesta Cayenne

Vigorous bushy upright 24" plants, with 8" tapered two cell mild Anaheim fruits. The pendant habit sets a huge crop of thick dark green & red flesh. Fruits have great foliage cover and are tasty canned, dried or roasted.

Early maturity and adaptable as a garden or container plant. Fruit are white, yellow, orange, to scarlet red. Bell shaped with thick walls and good weight. TMV & BST resistant. Fruit measure 4 x 3 inches. Excellent served with cheese, compare to Gypsy.

Miniature red, yellow, orange, green and brown bell peppers with sweet firm thick flesh, one inch size, sets many tiny peppers on 24" plants. Colors can be grown as a mixture or separately.

A component blend of red, yellow, purple, green and orange colored cayenne varieties. All selections are small 3" tapered fruit which are pungent and edible. Very attractive used as ornamental peppers planted with multi colored annuals. Fruit dry to the same bright colors.

Chianti

Geronimo

Mexibelle

White Zinfandel

Large almost square 5" fruits, with thick, very sweet mild flesh. Dark green fruit mature to bright cherry red. Early high quality peppers are ideal quality for both market and home gardens.

Early maturing in just 60 days. Upright prolific plants produce, 6" tapered hot peppers, with a blunt point, thick waxy flesh. There are pale green, yellow, orange and red colored fruits on every plant.

1988 AAS winner is a short green to red bell shaped with the flavor of a mild jalapeno. Adapted for many growing regions and makes a great bedding plant for tasty home cooked Mexican cuisine.

Grow a rainbow of colored peppers on just one plant. In 70 days produce super sweet, yellow, orange, scarlet and deep red colored bell pepper. These sturdy plants offer multiple disease resistance for maximum garden performance.
