

Seeds by Design, the name says it all...we are the first production company in the US to offer such a diverse line of vegetable and herb seeds from heirlooms to hybrids, suited for the commercial grower to the home garden trade. We offer more heirloom varieties than any other production company as well as our own line of hybrids, including peppers, tomatoes and vine seeds.

SPRING VEGETABLES

Herb Basil Lime

No kitchen or garden is complete for the spring and summer without Lime Basil. Basil is a staple ingredient for pesto and an essential herb for cooking. All basil grow rapidly in the long days of summer and into the fall, so transplant successive plantings. This fragrant citrus/lime scented dwarf basil is prized for its culinary uses.

Pepper Variegata

Truly stunning ornamental pepper plant with green white and purple variegated foliage. The purple and white blooms yield small green and purple eggplant shaped fruits that mature to red. Variegata is beautiful on its own and makes a wonderful companion plant with other annual bedding plants.

Lettuce Silvia

Large flat broad leaves are sweet and have a buttery texture. The beautiful deep red leaves are colored from emergence, quick growing, very heat resistant if kept watered, cold resistant also. Silvia is excellent for year round production of cut and come again salad greens in your garden or a container.

Eggplant Mix Asian Fingers

Dark purple, white and green mini eggplant, all with green calyces. Fruit are prized for the tender, non bitter flesh. Fruits can reach eight inches long and are cylindrical. Best used when harvested young. Thirty inch plants set large crops of lovely finger shaped fruit. Asian fingers works either planted in the garden or containers.

Pepper Sweet Pickle

Totally sweet ornamental bedding plant, twelve to fifteen inch tall plants, covered with clusters of two inch oval fruits. Fruit colors include: yellow, orange, red and purple, sweet thick walls, are terrific used for pickles or fresh in salads.

Tomatillo Purple

Sixty six days to maturity, Purple colored relative of the Mexican tomatillo, bushy spreading plants grow twenty inches tall, cherry tomato sized fruits encased in husks, showy fruit are good for sauces and chutneys. This tomatillo can also be used as an ornamental in the garden.

Cucumber Parisian Gherkin F1

Excellent mini or gherkin pickling cucumber which can be picked either at the midget size or small pickle stage. Enjoyed fresh in salads and slaws with a sweet flavor. The semi vining plants can be planted in the garden or staked in patio containers. Parisian Gherkin is one of two organic AAS Winners, a first for this organization!

Leek Monster

Giant leek that produced up to fifteen inch stalks. The bright white shaft is prized for the mild flavor. Excellent when used for both roasting and sauces. Plant in both the fall and spring for year round harvest of these tasty allium treats.

Growers on the cutting edge of today's market trends ask for Seeds by Design when looking for Organic, Heirloom or Hybrid vegetable seeds.
