Tomato Chef's Choice Yellow F1 **AAS 2017 Edible Winner** **Regional Winner - Southeast**

The fourth addition to the popular Chef's Choice tomato series is Chef's Choice Yellow which produces hearty beefsteak type tomatoes in a beautiful yellow color. Tomato lovers and culinary gardeners will fall for this large meaty delicacy that has a sweet, citrus-like flavor with just the right amount of acid and the perfect tomato texture. AAS Judges raved about the quantity of the 10-ounce fruits that each 5-foot indeterminate vines produced. You'll enjoy harvesting 30 or more fruits throughout the season from this disease (Fusarium Wilt, Verticillium wilt, Tomato Mosaic Virus, Crack, and Scab) resistant plant with dark green leaves and well-behaved form. You'll be the envy of all your tomato-growing friends!

All-America Selections® was founded in 1932 and continues as the oldest independent testing organization in North America. Every year, new, never-before-sold in North America varieties are trialed in our Trial Grounds and professional horticulturists determine which varieties will be deemed winners based on their garden performance. AAS relies upon a public relations program to inform gardeners about AAS Winners that are announced three times each year.
