

Seeds by Design: The name says it all... we are the first production company in the US to offer such a diverse line of vegetable and herb seeds from heirlooms to hybrids; suited for the commercial grower to the home garden trade. We offer more heirloom varieties than any other production company as well as our own line of hybrids, including peppers, tomatoes, and vine seeds.

Colored Radishes

Beautiful radishes, Pink Beauty, Purple Plum, White Beauty, German Giant, and many others create a perfect blend. Radishes are a great short crop for specialty markets.

Multi Colored Swiss Chard

Several varieties like Parrot - green, Flamingo - pink, Oriole - orange, Canary - yellow are used for baby leaf and bunching. You may purchase colors separately and blend when planting or cutting.

Summer Squash Melody

A mixture of different colors and types of summer squash can also be a hit at farmers markets and specialty outlets. Picked at the baby stage with or without the flowers makes a great selling product for chefs.

Gourmet Lettuce Blend

Lettuce varieties are blended to customers specifications. Components depend on the customers climate and cultural needs. Usually 4-5 varieties are recommended with varying colors and leaf types. Varieties can be planted separately and then mixed at harvest.

Kaleidoscope of Carrots

A colorful mixture of fine varieties of baby carrots. Plant Atomic Red, Bambino, Cosmic Purple, Lunar White., and Solar Yellow to create perfect bunches of baby carrots. Great for all specialty markets and excellent for full harvest.

Full Harvest Displays

Plant a mixture of multi colored: Pumpkins, Winter Squash, Gourds and Summer Squash for your own fall harvest display. The more shapes and colors you plant, the more market base you can cover. Many of these varieties can be picked at the small baby stage and sold to chefs and farmers markets.

Mesclun and Micro Greens

A growing trend and market which uses many different varieties and species. Our dealers can help you develop a custom mesclun or micro green blend for your specific market or growing region.

Summer Basil

No kitchen or garden is complete for the summer without Basil. A staple ingredient for pesto and an essential herb for summer and fall cooking. Basil grows rapidly in the long days of summer and into the fall. There are many different types and colors of basil. Market a mixture of colors and leaf sizes to increase herb sales.

Terra Organics: The sister company to Seeds by Design, Terra Organics was the first full scale production company to offer a complete line of organically produced vegetable and herb seeds. If your grower wants it organically, we probably have it. From baby leaf to heirlooms and all varieties in between, Terra Organics is the place to go for Organic seed.

Growers on the cutting edge of today's market trends ask for Seeds by Design and Terra Organics when looking for Organic, Heirloom or Hybrid vegetable seeds.
